

Christian Goth Hartmann
Sales Director

We try our very best to make it a good experience to sell, own and use Compac products.

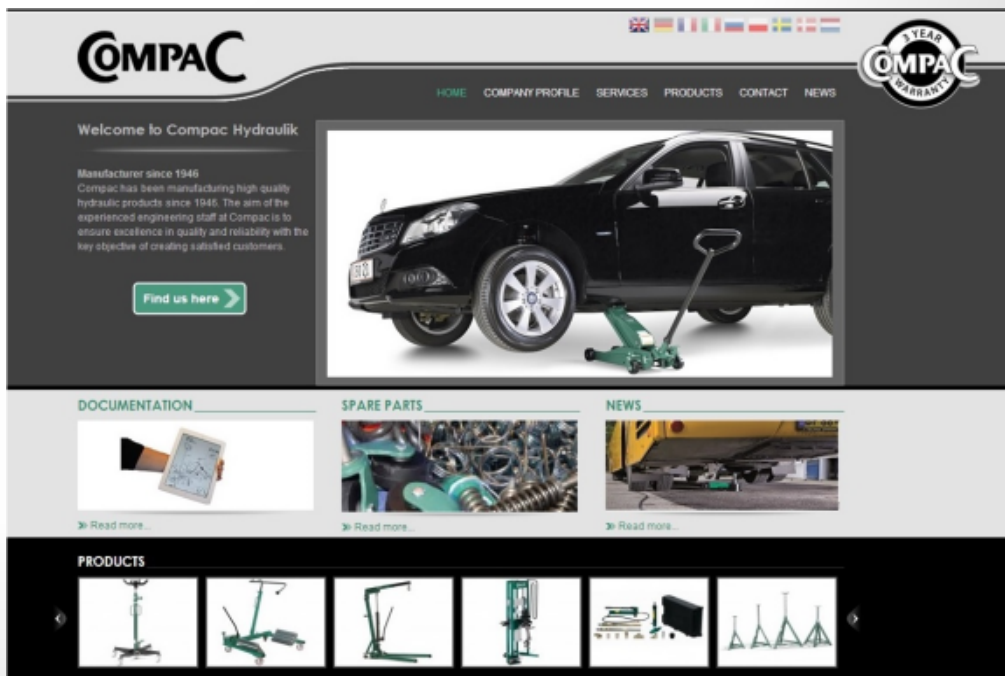

It is our hope that you and your customers will find this new website convenient whether you use it for sales or after-sales purposes.

New website

Compac's new website is now ready on www.compac.dk

Over the past months we have been developing a new website. The objective is to provide our customers with easy access to even more information including many YouTube presentations.

The information available in one single screen view now includes: Product pictures, "live" pictures, features, specifications, accessories, spare parts view, etc. If a YouTube presentation is available for the selected model, it is only one "click" away.

The launch is taking place earlier than planned, which means that we are still working on the content of the following languages:

French

Italian

Dutch

Swedish

Polish

Russian

The complete information in these languages will be ready soon and step-by-step the content will added.

Compac Hydraulik A/S
Strandhusevej 43
DK - 7130 Juelsminde
Denmark
